### PITHY PARAGRAPHS.

At Elizabeth, N. J., anthracite coal is selling at \$4.00 per ton a reduction from former rates of 50 cents per ton.

At Newark, N. J., the price of coal has been advanced. Since April, it has been selling at \$4.00 per ton, but on the 10th inst., the price was increased to \$4.50.

An effort was made to settle the affairs of John J. Williams & Co., of Media, Pa., on the basis of 25 cts. on the dollar. This was refused and the property will be sold by the assignee.

The use of Electric Mining Machines appears to be growing. The latest place at which they have been introduced is in the Brazil, Ind., coal fields.

The Nation Land & Improvement Co. have lately sold the entire part of their option of 1,000 tons per day with the L. & N. and N. W. R. R. for coal fuel. The mines are not yet running to the extent that could be reached did the demand justify it.

At the last meeting of the miners at Pittsburgh, Ky., last week, the operators offered to place the matter in the hands of an arbitration committee, but the men refused. The miners ask 70 cents and the operators claim that owing to the settlements in Ohio at 51 and in Pennsylvania at 60 cents they cannot afford to allow such rates.

The national meet at Ashby Park will be practically, by the arrival of what promises to be a large number of miners. This can be organized by the Associated Cycling Clubs, and will be in two divisions: one starts from the coal fields and the other will be under the guidance of a member of the Associated Cycling Club from Philadelphia. The two clubs will unite at New York, Brooklyn, and make the remainder of the trip together. Those in a position to know estimate that the start will be from New York on Aug. 10.

Miners from anywhere within reach are invited to join either the New York or the Philadelphia clubs. Honorable rates will go to the clubs having the largest number of survivors. These will consist of banners and also two very handsome silver cups, donated by the Ashby Park Wheelmen.

### The 4th 100 Years Ago.

### HOW THE GREAT JULY DAY WAS CELEBRATED—OLD TIME CUSTOMS.

### There Was a Plenty of Feasting by the Men, While the Ladies Looked On.

Our forefathers of three generations ago had a much more pleasant method of celebrating the glorious Fourth than the advanced and cultured ushers of today employ in paying tribute to their dear old Uncle Sam. Perhaps if the bold signers of the Declaration of Independence could have known what they were inflicting upon posterity they might have passed before affixing their signatures to that noble document.

Contrasted with the violent celebration of this up-to-date age, the Fourth of July of sixty, seventy or one hundred years ago presents a peaceful picture of hearty patriotism more in keeping with the real sentiment of the event than the present blustering fashion.

For instance, here is the way the people of Germantown, Penn., celebrated the Fourth of July of 1818. There were three cannon in the little town which had done service both in the Revolution and in the War of 1812. Several days before the Fourth the ladies of the place boiled hams, roasted sucking pigs, whole, baked pies by the dozen and biscuits by the hundred, made all manner of cake generously filled with jam, and on the morning of the great day deposited the good things with the provost of the best taverne of the town. It was the province of that important man to feed all the men and boys of the place and surrounding country with the provisions supplied by their wives and daughters.

Huge tables, rough, but solid, were set on the village green, as there were no buildings in those days large enough to accommodate such a great congregation of people. Early in the morning the young men of the place fired off the cannons two or three times, as
